Subject: Upcoming legislation on gun control

To the legislative body,
My name is Jonathan Dwelley I am a Connecticut resident and a legal gun owner. I'm sending a note to voice my opposition to all of these new So-called gun safety measures. I am my own first line of defense. Ironically I could also be one of your family members a daughter ,mother, wife ,sister's, first line of the fence also ,say on a bus or a ferry. I have the right to defend myself, my home, my family, and my state. The fire arms I choose to use to do this really is none of your business. You might wanna try reading that in our state constitution.
Jonathan Dwelley
